About the Prom Toolkit- Celebrate Safer

We are aware that many traditional approaches to addressing youth substance use (e.g., zero-tolerance policies, abstinence-only education, etc.) have limited effectiveness and can produce unintended negative consequences. As a result, this toolkit takes a harm reduction approach and aims to reduce the social and health harms related to alcohol and substance use. The goal is to support and encourage healthy behaviours and good decision-making. This resource includes information on the risks of using alcohol and substances and encourages youth to celebrate in a safer, less harmful way on their prom night.

Many of the resources and lessons found in this toolkit can be used at any time to increase teens awareness of the importance of partying safer.

The purpose of this toolkit is to provide school administrators, teachers, students, and parents/caregivers with resources and messaging that encourages students to have fun on their prom night while making decisions to celebrate in safer ways.

The toolkit contains the following components:

- [Student Party PROMise Pledge and Photo Op Card](#)
- [Celebrate Safer On Prom Night-Information Sheet](#)
- [A Lesson on Consent](#)
- [Protect Yourself from Sexual Violence: Tip Sheet](#)
- [White Ribbon Resource Card](#)
- [How to Talk to Your Teenager About Prom- A Resource for Parents](#)
- [Social Media Messages](#)
- [Announcements](#)
- [Links to Resources](#)

Evaluation

We ask educators to provide feedback on this toolkit to assist us in making improvements for future editions. A survey for can be found at this [link](#) or by scanning the QR code below.

Student Party Promise Pledge

Alcohol and substance use affects decision-making abilities and can contribute to unintended consequences. A “promise,” which is sometimes referred to as a “pledge,” is an easy way to encourage ownership of an individual’s intention to behave or act in a certain way. Students need to value themselves and their friends and classmates. The goal of the PROMise pledge is for students to take responsibility for their behaviour to reduce the risk of harm to themselves and others. The Student Party Promise Pledge can be found in [Appendix A](#) of the toolkit. Your school or prom committee can create your own Party Promise Pledge using this as a template.

How to use this resource:

Before Prom:

- Share using various communication platforms with students attending prom (e.g., send to each student to read in grade 12 homeroom after reviewing the [Celebrate Safer on Prom Night-Information Sheet](#) and the [Protecting yourself from Sexual Violence](#) tip sheets.
- Share in conjunction with the daily morning announcements.
- Prom Committee can use the “I PROMise” photo op card to take photos of students holding their Party Promise Pledge (from the list [Appendix A](#) or create their own) and display them on monitors throughout the school, or on school morning announcements leading up to prom, (see [Appendix B](#)).
- Share with parents/caregivers to review with their teens before prom.
- Print out the Party Promise Pledge (see [Appendix A](#)) and place these in common areas of the school to be signed by the students who are attending the prom.

On Prom Night:

- Day of the prom- place these at the entrance of the prom site and/or print out the Party Promise Pledge and place these at the prom to be signed by the attending students.
- Read out during the welcoming speech at the celebration.

Celebrate Safer On Prom Night-Information Sheet

It is common for schools to have a zero-tolerance approach to alcohol and substance use for students attending the prom. However, it becomes more difficult to supervise what takes place once students leave the facility and continue celebrating on their prom night. This resource encourages students to party in safer, less harmful ways while highlighting information on the risks of using alcohol and substances. Two versions have been included, a quick version designed with high school students in mind, highlighting important tips, and a second version providing more information that can be used to facilitate discussion at home or in the classroom (see [Appendix C](#)).

How to use this resource:

- Provide to students who are attending the prom, and promote it using various communication platforms.
- Use it to facilitate discussion in class or at assemblies.
- Share the resource with parents of students attending prom.
- Turn the tips in the resource into content that can be used during announcements, or communications going out to the school community about prom (see [Announcement Section](#) of the toolkit).
- Use adapted materials for social media posts and display monitors at school (see [Social Media Section](#) of the toolkit).

A Lesson on Consent

The Canadian Criminal Code defines consent as the voluntary agreement of the complainant to engage in the sexual activity in question. Understanding what consent is can create healthy boundaries in intimate relationships. Talking with teens about consent, sexuality and relationships can help them make more informed, mature decisions in the future. It is not easy to talk with your teen about consent; however it is very important to do so.

How to use this resource:

- Use the “[Introduction to Consent](#)” video developed by OPHEA (5:55 minutes in length) during an assembly or for class discussion.
- Educators can review the [Sexual Violence Prevention Education Resources](#) developed by OPHEA and incorporate information into lessons.
- Other resources that can be shared with students and families include [Teen Talk- Content and Sexual Assault](#) and [Teaching Sexual Health- Consent](#).

Protect Yourself Against Sexual Violence: Tip Sheet

Sexual violence includes unwanted touching up to and including rape. Sexual violence is a serious problem that can have lasting, harmful physical and mental health effects on victims, their families, friends, and communities. This resource highlights tips on how to prevent sexual violence (see [Appendix D](#)).

How to use this resource:

- Review it with students who are attending the prom, and promote it using various communication platforms.
- Use it to facilitate discussion in class or at assemblies.
- Turn the tips in the resource into content that can be used during announcements, or communications going out to the school community about prom (see [Announcement Section](#) of the toolkit).

- Use adapted materials for social media posts and display monitors at school (see [Social Media Section](#) of the toolkit).
- Refer to it while discussing the White Ribbon & Draw the Line Campaigns

White Ribbon & Draw the Line Resource Card

The white ribbon is a symbol used by the White Ribbon Campaign to symbolize a commitment to ending gender-based violence. [White Ribbon & Draw the Line](#) provide resources for students, parents, and school staff around gender-based violence and tools, including lesson plans and promotional materials to end gender-based violence. A business card size resource (see [Appendix E](#)) has been developed that includes the white ribbon image which symbolizes the students' commitment to not engage in gender-based violence, along with safe ride home information, 24hr Sexual Assault Crisis Line, and Police contact details.

How to use this resource:

- [White Ribbon & Draw the Line](#) website contains lesson plans & promotional materials that can be used with students at school.
- [Share the parent portal](#) of the White Ribbon & Draw the Line website with parents through your school's communication portal.
- Print off White Ribbon resources cards and place these on tables at prom or in any prom packages to be shared with students, to promote the messaging to never commit, approve of, or remain silent about all forms of gender-based violence (see [Appendix E](#))
- Share White Ribbon resources with the prom committee and allow them to incorporate messaging as they see fit:
 - For example- purchase pins and a white ribbon to pin on the prom attendee's coat/shirt/dress.
- Send to students ahead of time and encourage them to save resources to their phones so they can access them on the night of the prom if they need a safe ride home.

The Power of the Bystander

Individuals have the power to protect others who may be in a difficult situation. The Sexual Assault Crisis Centre has developed information about how to ["Use Your Power As a Bystander"](#), visit their website to learn more.

How to use this resource:

- Share the "Power of the bystander" on the school and school council's social media platforms.
- Use the "Power of the bystander" for the morning announcement.
- Use the ["GAME ON: Because Stepping in should be Everyone's Game"](#) video (8:14 mins in length) during an assembly or for class discussion.

How to Talk to Your Teenager about Prom- A Resource for Parents/Caregivers

Parents/caregivers talking to their teens about their party plans can be tough, but those conversations have been shown to have an important influence when it comes to teens' use of alcohol and substances. Supporting them with information can help them to make safer and responsible decisions. This resource provides some starting points for parents/caregivers to have a conversation with their teen (see [Appendix F](#)). Many teenagers are attending parties, so it is important for them to feel confident in making safe and responsible decisions. Alcohol and substance use affects decision-making abilities and can contribute to many preventable outcomes. A parent party promise is included with this resource. This promise provides parents with a method to improve communication and trust with their teenagers by promising their teens that they will be there to ask questions or help them when they get in difficult situations.

How to use this resource:

- Share with parents/caregivers of your school communities before prom using your communication platforms and social media.
- Use sections of this resource to share as social media messages.
- The [Links in the Resource section](#) can be shared with parents to support conversations with their teens.

Communications for Schools and Prom Committees

Messages have been developed for social media and school wide announcements to reinforce the harm reduction strategies provided in this toolkit and encourage students to celebrate safer on their prom night.

How to use this resource:

- Post on social media accounts managed by your school and school committees, the target audience for these accounts can be both students and parents.
- Display on school monitors.
- Read on morning announcements.

Follow the rules set by your school/prom committee. Think about the consequences of your actions, have fun, and make this a night to remember!

Make a plan, set limits, and stick to it. If you don't plan to use substances don't let your peers influence you.

Have a Party Partner, a friend that will: be around for the whole party, be responsible for each other, step in if something is happening that doesn't seem right, and make sure that you both get home safely.

Keep it fun, have some mocktails or non-alcoholic champagne, along with some water. If you are drinking, **keep track of your intake and drink slowly**, and for every alcoholic drink have one non-alcoholic drink.

Avoid using multiple substances. Mixing alcohol with cannabis, vapes, or other substances can increase your level of impairment, impact your decision making abilities, and increase your risk of harm.

Avoid combining substances if you are on any type medication.

A drug's legality does not mean that it is better or worse, they all change the way you think, behave, and act.

Know what's in your drink and substances. It's impossible to know what is in substances just by looking at them so be cautious and don't take something from someone you don't know.

Save a life, carry naloxone. If you or someone else is having a party make sure there is a naloxone kit on hand. Learn more at wecoss.ca

Consider your physical condition (your body weight, mood, health, amount of sleep you've had, and the amount of food in your stomach) as it plays a role in determining how substances will affect you, and know everyone responds to the same substances differently.

Make a plan to get home safely, don't drive or get in a car with someone who has been using substances. Call for a ride if you need one.

Alcohol and substance use affects your decision-making abilities. Be cautious of getting into sexual situations when you've been drinking. Alcohol and substance use may lead you into situations you might have avoided if you were sober.

Long Version for Teachers:

CELEBRATE SAFER ON PROM NIGHT MAKE WISE CHOICES

You can have a fun night without using alcohol and substances. This information is to guide you and help you make wise choices. Remember it is illegal for individuals under 19 years of age to use and possess alcohol and cannabis. The safest way to celebrate is to avoid using alcohol and substances.

Follow the rules set by your school/prom committee. You have been planning and looking forward to this night for months, don't make decisions that you will regret and end your night before it even starts. Think about the consequences of your actions, have fun, and make this a night to remember!

Make a plan and set a limit up front. Make a plan with your friends that everyone agrees on and try stay together during the night to take care of one another.

If you don't plan to use substance don't let your peers influence you. If you are using substance or drinking alcohol, know how many you are going to have and stick to it.

Keep track of your intake and pace yourself. You can keep it fun, have some mocktails or non-alcoholic champagne, along with some water. If you are drinking, keep track of how many you are having, drink slowly, and for every alcoholic drink have one non-alcoholic drink.

Eat something. Food slows the absorption of alcohol and other substance. Snacking will reduce your risk of getting too drunk.

Avoid using multiple substances at once. Mixing alcohol with cannabis, vapes, or other substances can increase your level of impairment, impact your decision making abilities and increase your risk of harm.

Cannabis Mixing cannabis with alcohol and other substances increases your impairment of judgment and also increases the risk of negative physical and psychological side-effects.

Vaping When drinking alcohol you might be more likely to engage in other risky behaviours like vaping. Remember vapes often contain nicotine an addictive substance.

Other substances Avoid combining substances if you are on medication. A drug's legality does not mean that it is better or worse, they all change the way you think, behave, and act.

Know what's in your drink and substances. Keep an eye on your drink and know where the substance you plan to use came from. It's impossible to know what is in substances just by looking at them so be cautious and don't take something from someone you don't know.

Consider your physical condition. Be sure to consider your body weight, mood, health, amount of sleep you've had, and the amount of food in your stomach. These all play a role in determining how substances will affect you, but understand everyone responds to the same substances differently.

Make a plan to get home safely. Have a plan and under no circumstance should you drive or get in a car with someone who has been using substances. Know who the designated driver is or call a parent, someone you trust, a cab or ride-share.

Alcohol and substance use affects your decision-making abilities. Be cautious of getting into sexual situations when you've been drinking. Alcohol and substance use may lead you into sexual situations you might have avoided if you were sober. Don't hassle your friends when they want to be sure you are safe and that you get home safely.

Above all think about the consequences before you act, and be safe!

Appendix D: Protect Yourself from Sexual Violence: Tip Sheet

PROTECT YOURSELF from Sexual Violence

TRUE OR FALSE?

1. Sexual violence means that someone forces or manipulates someone else into unwanted sexual activity without consent.	T	F
2. One in four girls and one in eight boys have been sexually abused by the time they are eighteen.	T	F
3. Male students have higher rates of physical and sexual violence than female students.	T	F
4. You can ALWAYS say no to a kiss, a touch, or whatever, even if you said yes before.	T	F
5. Lack of consent turns sexual contact into an act of sexual violence.	T	F
6. Once a consent is given it cannot be withdrawn.	T	F

TIPS on how to avoid Sexual Violence

Be respectful towards each other.

Draw the Line.
Set your boundaries and respect others boundaries.

NEVER feel obligated to do more with someone if you don't feel right or comfortable.

Don't use force, threats or violence in your relationships.

Get consent. Only a sober 'yes' means yes.

If you feel uncomfortable exit the scene as quickly as possible.

Stand up for yourself, trust your instinct and get help when things don't feel right.

If you see someone else that appears to be at risk for sexual assault... intervene.

Let's work together and **STOP** sexual violence.

Appendix F: How to Talk to Your Teen about Prom Parent Tip Sheet

PARENTS & CAREGIVERS OF TEENS

Your teen maybe going to many parties, from house parties to prom. Before your teen and their friends head out, talk with them about making safe and responsible decisions.

DISCUSS YOUR TEEN'S PLANS WITH THEM; IT MAY BE UNCOMFORTABLE BUT IT HAS TO BE DONE.

CONSIDER THESE POINTS TO HELP GUIDE YOUR TALK

<ul style="list-style-type: none">• Setting a curfew.• Discuss the importance of being reachable, that is keeping a cell phone turned on and charged.• Discuss having a Party Partner. A friend that will: be around for the whole night, be mutually responsible for each other, step in if something is happening that does not seem right, and make sure that the other gets home safely.	<ul style="list-style-type: none">• Plan transportation options and offer non-judgemental support to get home safely. Stress to your teens to never get into a car with a driver who has been using substances.• Remind your teen to always keep an eye on their drink to make sure nothing is slipped into it.• Discuss consent - knowing and respecting their own boundaries as well as the boundaries of others.
--	---

ARE YOU AN ADULT HOSTING THE PARTY? HERE IS SOME INFORMATION:

- It's not the role of the police to monitor parties on behalf of parents.
- If an adult/ parent provides alcohol/drugs to those who are underage, they can be charged.
- Save a life, carry naloxone. If you are hosting a party make sure there is a naloxone kit on hand. The Good Samaritan Overdose Act - provides legal protection for those seeking help for someone else or themselves. Learn more at wecoss.ca (wecoss.ca/how-can-overdose-be-prevented).

Take the Parents' party pledge...

I promise you the unconditional option of calling me at any time for help or advice. That includes picking you up at any time of the day or night, with a promise not to shame or embarrass you in front of others. I always welcome the chance of being part of your smart and safe decisions.

You may feel like your teen is tuning you out but, the truth is, they are listening more than you think. In fact, parents have been shown to have an important influence when it comes to teens' use of alcohol and other drugs. Visit MADD's [Parent Action Pack](http://madd.ca/media/docs/parent-action-pack.pdf) (<http://madd.ca/media/docs/parent-action-pack.pdf>) for stats and info for your talk.
