The Honourable Michael Tibollo
Associate Minister of Mental Health and Addictions

Dear Premier Ford and Provincial Ministers Jones and Tibollo:

Re: Public Health Strengthening and Chronic Disease Prevention

On behalf of the Board of Health for Public Health Sudbury & Districts, please accept this correspondence highlighting our commitment to health promotion and chronic disease prevention.

At its meeting on October 19, 2023, the Board of Health carried the following resolution #60-23:

WHEREAS the Board of Health for Public Health Sudbury & Districts is committed to ensuring it addresses the public health needs and health equity in its catchment area, as aligned with board of health requirements under the Health Protection and Promotion Act and Ontario Public Health Standards; and

WHEREAS Health Promotion Ontario's White Paper on the Value of Local Health Promotion in Ontario recommends strong and sustained investment in local health promotion by public health units to ensure that health promotion is prioritized on an ongoing basis; and

WHEREAS the Board recognizes that there are opportunities for system improvements as part of the review of board roles and responsibilities announced under the government's Public Health Strengthening initiative, including an assessment of its role in chronic disease prevention through health promotion interventions; and

Letter to Premier Ford and Provincial Ministers Jones and Tibollo
Re: Public Health Strengthening and Chronic Disease Prevention

Page 2 of 2

WHEREAS chronic diseases are mostly preventable, are the cause of 75% of deaths in Ontario, and incur \$10.5 billion in direct health care costs in the province; and

WHEREAS as the scope and intensity of infectious disease risks increase in the context of finite resources, there is a risk of under-resourcing public health actions that work on longer horizon chronic disease prevention;

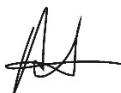

THEREFORE BE IT RESOLVED THAT in the context of the Public Health Strengthening roles and responsibilities deliberations, the Board of Health for Public Health Sudbury & Districts urges all health system actors to remain committed to maintaining appropriate investments in health promotion and chronic disease prevention, while ensuring health risks associated with its health protection work are managed;

AND FURTHER THAT the Board request that the Chief Medical Officer of Health ensure proactive local engagement in the sector-driven review of the Ontario Public Health Standards.

Chronic diseases account for a substantial burden on the health of Ontarians and the health care system. They are the leading cause of death in Ontario, and they disproportionately impact populations who are socioeconomically disadvantaged, intensifying inequities. Chronic diseases are expensive to treat but they are largely preventable. Health promotion and chronic disease prevention work is critical to reducing the health and economic burden of chronic diseases.

The Board of Health respectfully urges the Provincial Government to ensure all health system actors, including local Public Health, are supported to invest in coordinated action to promote health and reduce the burden of chronic diseases, affecting so many Ontarians.

Sincerely,

Penny Sutcliffe, MD, MHSc, FRCPC
Medical Officer of Health and Chief Executive Officer
