

2SLGBTQIA+ Communities

2SLGBTQIA+ youth face unique forms of violence and control:

- Threats to expose their sexuality.
- Forced gender stereotypes and norms.
- Refusal to recognize their gender or sexual identity.
- Homophobic or transphobic slurs, language, or behaviour.

2SLGBTQIA+ youth face unique barriers to access services for help:

- Policies and spaces that don't recognize gender diversity.
