COVID-19 Cases in the World, Ontario, and Windsor-Essex

Daily new confirmed COVID-19 cases per million people

Our World
in Data

Shown is the rolling 7-day average. The number of confirmed cases is lower than the number of actual cases; the main reason for that is limited testing.

Share of SARS-CoV-2 sequences that are the delta variant

Our World
in Data

Shown is the delta variant's share of total analyzed sequences in the last two weeks. This share may not reflect the complete breakdown of cases, since only a fraction of all cases are sequenced.
