Table 1. The self-reported food security status of households, adults, and children in Windsor and Essex County (2013-2014).

Food security status	% of households	% of adults	% of children
Food secure	89.2	89.2	90.1
Moderately food insecure	5.8	5.8	9.4 ^E
Severely food insecure	5.0 ^E	5.0 ^E	NR
Moderately or severely food insecure	10.8	10.8	9.7 ^E

E – The estimate has high sampling variability and should be interpreted with caution.

NR – The estimate has very high sampling variability and cannot be reported.
